

## **Rules for submission of articles to the journal Science and Innovation**

If you made **oral** presentation at the conference NAO195, total volume of your article may be up to 8 pages without figures and tables, and total number of figures and tables may be up to 6.

If you made **poster** presentation at the conference NAO195, total volume of your article may be up to 6 pages without figures and tables, and total number of figures and tables may be up to 3.

**During the registration at the conference, one of authors of the article must submit** filled license agreement on transfer of copyright (contract form is available at the editorial office or online at journal's website - [Contract.pdf](#), [Contract.doc](#)). The license agreement enters into force after the approval of the article for publication. The signing of the license agreement by author(s) means that they are familiar and agree to the terms of the contract.

You must prepare a file named **authors.doc** containing information about each of the authors – last name, first name and patronymic in full, position, place of employment, academic status, scientific degree, contact information (phone, email), ORCID code (if available). Information about the authors is submitted in two languages - Ukrainian and English. You must send to the SOC all materials for each article as an archived ZIP file. Name of this file must contain a surname of the first author and article number, for example **Ivanov\_1.zip**

### **The archived ZIP file must contain the following files:**

- DOC file containing article, tables, figures in accordance with the **Requirements for article** (see below), for example: **Ivanov\_NewObservationalResults.doc**
- EPS or TIFF files for each figure used in the article,  
for example: **Ivanov\_NewObservationalResults\_Fig\_1.tiff**
- file - **authors.doc**

You must send the archived ZIP file to the SOC by email address [nao195@nao.nikolaev.ua](mailto:nao195@nao.nikolaev.ua)

Subject of the letter must contain word **Article**, a surname of the first author, first three words of article name, for example: **Article Ivanov A. V. New Observational Results**

If you make any corrections before the deadline of article submission, you may send new archived ZIP file, for example: **Ivanov\_1a.zip** In this case, the subject of letter must contain word **Update**, for example:

### **Update Ivanov A. V. New Observational Results**

The deadline of article submission is October 10, 2016.

## Requirements for article

Text editor MS Word (.doc) must be used. Articles are accepted in Ukrainian, Russian, English. File name must contain surname of the first author and first three words of article name, for example: **Ivanov\_NewObservationalResults.doc**

The article should be structured in the following sections: *Introduction*, which outlines the problem statement, the relevance of the chosen topic, an analysis of recent research and publications, purpose and objectives; *The main material* of the research and the results obtained; *Conclusions*, which sum up the work and prospects for further research in this direction; *References*.

*The title page* is given in Ukrainian, Russian and English and contains the following information:

- 1) the name(s) and initials of the author(s);
- 2) the name of the article;
- 3) the name of the institution, full postal address, telephone number, fax number, email address;
- 4) article abstract - no more than 100 words. The abstract should be structured, with sequential logic describing the results and describe the main objectives of the study; summarize the most important results.
- 5) keywords - not more than 8 words.

*The text* is typed in 12-point font size, double-spaced on A4 paper. Article title, chapter titles are typed in capital letters and highlighted in bold.

*The formulas* must be typed in the Equation editor or MatType. Articles with formulas inscribed by hand are not accepted for publication. The values, which are used for the first time, must defined, and then the appropriate term must be used throughout the text.

*Each table* must be submitted on a separate page with portrait orientation. The tables must be prepared using the MS Word spreadsheet editor. The use of pseudo graphic symbols is unacceptable.

*Each figure* must be submitted on a separate page with portrait orientation. Each figure must be not larger than 160×200 mm in sizes on a page at 100% scale. Each figure has to be submitted with a resolution of 300 dpi. The text in the figures must be written using 10 point font size. Measurement units in graphs must be indicated by commas. The figures are numbered in order of their location in the text, parts of figures are numbered with letters - a, b, ...

Figures must be submitted in Encapsulated PostScript (EPS) or TIFF formats with a resolution of 300 dpi. Figures made using software packages for mathematical and statistical processing must be converted to these formats. File name of each figure must contain surname of the first author,

first three words of paper title, figure number, for example:

**Ivanov\_NewObservationalResults\_Fig\_1.tiff**

Photos must be in TIFF format with a resolution of 300 dpi.

Tags and texts in EPS files must be prepared by using vector graphics and curves.

*The captions for figures and tables* are typed in the article after the list of references.

*The list of used literature sources* is given in the end. References are numbered consecutively in order of citation in the text. References to unpublished and unfinished work are unacceptable. References to books (monographs, individual chapters, etc.), articles from scientific periodicals, conference proceedings, patents and copyright certificates, abstracts of dissertations, electronic resources are acceptable.

Titles of articles, monographs, collections, meeting proceedings, report theses, abstracts of dissertations and preprints are specified in full. Articles must have all co-authors, publication name, year, volume, issue, start and end pages indicated, for monographs - the place of publication (city), publisher, year of publication, total number of pages.

*References should consist of two parts:* REFERENCES in original and English language.

REFERENCES are the sources in the original language, presented according to the format of the Ukrainian standard bibliographic description (form 23 approved by HAC of Ukraine from March 3, 2008, No. 147). To make references to scientific literature sources in accordance with the requirements of the State Attestation Commission of Ukraine the online resource for automatic formulation of sources at <http://vak.in.ua> can be used.

References (eng) are separately translated into English or transliterated into Latin alphabet (recommendations by the international standard bibliographic standard APA-2010). The names of Ukrainian and Russian language publications (journals, books, etc.) is transliterated (transliteration rules according to the Decree of Cabinet of Ministers of Ukraine from January 27, 2010 No. 55, Uriadoviy Courier 10.02.2010, No. 5), and translated to English in brackets.

When referencing the journal “Science and Innovations” the transliterated name *Nauka ta innovacii* is used.
